Materials Physics and Mechanics (ISSN 1605-2730) – Published by Advanced Study Center Co. Ltd.
(St. Petersburg, Russia)

Editorial Policy. MATERIALS PHYSICS AND MECHANICS is an international peer reviewed journal which specializes in the rapid publication of international conference proceedings in every area of materials physics and mechanics. This permits such proceedings to be conveniently referenced, abstracted and read. All contributions are edited by the corresponding guest editor(s) and they may not be published elsewhere. The journal covers research activities in physics and mechanics of the traditional as well as the newly emerging materials.
