This sample article provides information and instructions for preparing in a standard format the papers to be included in the Proceedings Volume of the ECSC2008. It illustrates the paper layout, and describes points you should notice before you submit your paper. In order to enable the publisher to bring the article into the uniform layout and style, authors are kindly requested to follow the instructions given below.

keywords: linear operator, invariant subspace, transitive algebra

Introduction

The paper should be uploaded as a PDF file. A hard copy is not needed. The size of a paper should not exceed 8 pages. Papers should be prepared in one column format suitable for direct printing onto A4 page (210mm x 297mm), justified if possible, using Times Roman 10pt typeface. Ensure that the typing area matches the following sizes: 115 mm width and 190mm height. Do not number pages on the front, as page numbers will be added separately for the Proceedings. Only papers presented at the Conference will be accepted for publication. The paper should be typed using Times Roman 10pt size letter with single spacing between text lines.
