

The list of papers by Sergei A. Nazarov

1. *Nazarov S.A.* The asymptotic behavior with respect to a small parameter of the solution of an elliptic boundary value problem in a domain with a conical point // Dokl. Akad. Nauk SSSR. 1978. V. 238, N 4. P. 827-830. (English transl.: Sov. Phys. Dokl. 1978. V. 23. P. 119-120)
2. *Nazarov S.A.* The smoothing of singularities of the boundary in two-dimensional problems of the elasticity theory // Studies in elasticity and plasticity. N 12. Leningrad: Leningrad Univ. 1978. P. 178-186. (Russian)
3. *Nazarov S.A.* Asymptotic behavior with respect to a small parameter of the solution to a boundary value problem that is elliptic in the sense of Agranovich-Vishik in a domain with a conical point // Probl. Mat. Anal. N 7. Leningrad: Leningrad Univ. 1979. P. 146-167. (Russian)
4. *Nazarov S.A.* The asymptotics of the bend of a plate containing a crack on an elastic foundation // Vestnik Leningrad Univ. 1979. N 2. P. 111-112. (Russian)
5. *Nazarov S.A.* The method of M.I.Vishik and L.A.Lyusternik in domains with conical points // Dokl. Akad. Nauk SSSR. 1979. V. 245, N 6. P. 1307-1311. (English transl.: Sov. Math. Dokl. 1979. V. 20. P. 426-430)
6. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* Asymptotic solutions of elliptic boundary value problems when the domain is varied close to conical points // Dokl. Akad. Nauk SSSR. 1979. V. 249, N 1. P. 94-96. (English transl.: Sov. Phys. Dokl. 1979. V. 24. P. 904-905)
7. *Nazarov S.A.* On the index of an elliptic boundary value problem with a small parameter multiplying the highest derivatives // Differentsial'nye Uravnenia i ih Primenen. N 24. Vilnius: Lith. Acad. Sci. 1979. P. 75-85. (Russian)
8. *Nazarov S.A.* Principle of virtual work and Rice weighting integrals// Mekhanika tverd. tela. 1980. N 1. P. 72-76. (English transl.: Mech. Solids. 1980. V. 15. P. 64-67)
9. *Morozov N.F., Nazarov S.A.* On the stress-strain state in a neighborhood of a crack setting on a grain // Studies in elasticity and plasticity. N 13. Leningrad: Leningrad Univ. 1980. P. 141-148. (Russian)
10. *Nazarov S.A., Semenov B.N.* On the connection between stress intensity factors for a plane problem of the classical and couple-stress elasticity theories // Studies in elasticity and plasticity. N 13. Leningrad: Leningrad Univ. 1980. P. 148-154. (Russian)
11. *Nazarov S.A.* The superpower boundary layer in the problem of the bending of a stressed plate // Vestnik Leningrad Univ. 1980. N 1. P. 72-80. (Russian)
12. *Nazarov S.A.* Small parameter asymptotics of a solution for a second-order differential equation in a manifold with angles // Izv. Vyssh. Uchebn. Zaved. Mat. 1980. N 9. P. 18-24. (English transl: Sov. Math. 1980. V. 24, N 9. P. 18-26)
13. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* Asymptotic behavior of solutions of a quasi-linear equation in non-regular perturbed domains // Differentsial'nye Uravnenia i ih Primenen. N 27. Vilnius: Lith. Acad. Sci. 1980. P. 17-50. (Russian)
14. *Nazarov S.A.* Elliptic boundary-value problems degenerating at a conical point // Vestnik Leningrad Univ. 1980. N 19. P. 108-109. (Russian)

15. *Agalaryan O.B., Nazarov S.A.* On the variation of the intensity factor due to soldering of a longitudinal crack in a prismatic rod // Dokl. Akad. Nauk. Armenian SSR. 1981. V. 72, N 1. P. 18-21. (Russian)
16. *Nazarov S.A.* On the Noether property and asymptotic solutions of elliptic boundary-value problems with periodic coefficients in a cylinder // Uspehi Mat. Nauk. 1981. V. 36, N 1. P. 217-218. (English transl.: Russ. Math. Surv. 1981. V. 36, N 1. P. 246-247)
17. *Nazarov S.A.* Elliptic boundary value problems with periodic coefficients in a cylinder // Izv. Akad. Nauk SSSR. Ser. Mat. 1981. V. 45, N 1. P. 101-112. (English transl.: Math. USSR. Izvestija. 1982. V. 18, N 1. P. 89-98)
18. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* On the asymptotics of solutions of the Dirichlet problem in three-dimensional domain with a slender cavity // Dokl. Akad. Nauk SSSR. 1981. V. 256, N 1. P. 37-39. (English transl: Sov. Math. Dokl. 1981. V. 23. P. 32-35)
19. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* On the asymptotic behavior of solutions of elliptic boundary value problems with irregular perturbations of the domain // Probl. Mat. Anal. N 8. Leningrad: Leningrad Univ. 1981. P. 72-153. (Russian)
20. *Nazarov S.A.* Vishik-Lyusternik method for elliptic boundary-value problems in regions with conical points. 1. The problem in a cone // Sibirsk. Mat. Zh. 1981. V. 22, N 4. P. 142-163. (English transl.: Siberian Math. J. 1982. V. 22. P. 594-611).
21. *Agalaryan O.B., Nazarov S.A.* Influence on the intensity factor by soldering of the end of a crack under the elastic twisting // Studies in mechanics of solids. Erevan: Acad. Sci. Armenian SSR, 1981. P. 23-28. (Russian)
22. *Nazarov S.A.* About construction and application of the Rice integral // Studies in mechanics of solids. Erevan: Acad. Sci. Armenian SSR, 1981. P. 187-192. (Russian)
23. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* Asymptotics of solutions to elliptic boundary-value problems under a singular perturbation of the domain. Tbilisi: Tbilisi Univ. 1981. 208 p. (Russian)
24. *Nazarov S.A.* Vishik-Lyusternik method for elliptic boundary-value problems in regions with conical points. 2. The problem in a bounded region // Sibirsk. Mat. Zh. 1981. V. 22, N 5. P. 132-152. (English transl.: Siberian Math. J. 1982. V. 22. P. 753-769)
25. *Nazarov S.A., Semenov B.N.* Asymptotic behavior of solutions to problems about a thin plate bended by discontinuous loads // Prikl. Mekh. N 5. Leningrad: Leningrad Univ. 1981. P. 135-145. (Russian)
26. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* On the asymptotic behavior of solutions of the Dirichlet problem in a domain with a thin tube excluded // Uspehi Mat. Nauk. 1981. V. 36, N 5. P. 183-184. (English transl.: Russ. Math. Surv. 1981. V. 36, N 5. P. 169-170)
27. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* Asymptotics of solutions of the Dirichlet problem in a domain with a truncated thin tube // Mat. sbornik. 1981. V. 116, N 2. P. 187-217. (English transl.: Math. USSR. Sbornik. 1983. V. 44. P. 167-194)
28. *Nazarov S.A.* On the parameter asymptotics of the solution to an elliptic boundary-value problem with periodic coefficients in a cylinder // Differentsial'nye Uravnenia i ih Primenen. N 30. Vilnius: Lith. Acad. Sci. 1981. P. 27-46. (Russian)

29. *Nazarov S.A.* On the singularity exponent of stresses for a crack which has contact patches concentrating towards a vertex // Dokl. Akad. Nauk Armenian SSR. 1981. V. 73, N 1. P. 51-53. (Russian)
30. *Nazarov S.A.* On a class of non-quasi-elliptic equations in a cylinder // Vestnik Leningrad Univ. 1982. N 1. P. 125-127. (Russian)
31. *Nazarov S.A.* Asymptotics of the solution of a nonlinear equation in the neighborhood of an angular point of the boundary // Mat. Zametki. 1982. V. 31, N 3. P. 411-420. (English transl.: Math. Notes. 1982. V. 31. P. 211-216)
32. *Dudnikov V.A., Nazarov S.A.* Asymptotically exact equations of thin plates on the basis of Cosserat's theory // Dokl. Akad. Nauk SSSR. 1982. V. 262, N 2. P. 306-310. (English transl.: Sov. Phys. Dokl. 1982. V. 27. P. 84-86)
33. *Nazarov S.A.* The structure of solutions of elliptic boundary value problems in slender domains // Vestnik Leningrad Univ. 1982. N 7. P. 65-68. (English transl.: Vestn. Leningr. Univ. Math. 1983. V. 15. P. 99-104)
34. *Zhuravlev V.P., Nazarov S.A., Shoikhet B.A.* Asymptotics of the stress-strain state near the tip of a crack in an inhomogeneously aging bodies // Dokl. Akad. Nauk Armenian SSR. 1982. V. 74, N 1. P. 26-29. (Russian)
35. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* Asymptotics of the solution of the Dirichlet problem in domains with a thin crosspiece // Funkt. Anal. i Prilozhen. 1982. V. 16, N 2. P. 39-46. (English transl.: Funct. Anal. Appl. 1982. V. 16. P. 108-114)
36. *Morozov N.F., Nazarov S.A.* About calculating of the energy increment in the Griffith problem // Studies in elasticity and plasticity. N 14. Leningrad: Leningrad Univ. 1982. P. 3-9. (Russian)
37. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* Absence of De Giorgi-type theorems for strongly elliptic equations with complex coefficients // Zap. Nauchn. Sem. Leningrad. Otdel. Mat. Inst. Steklov. 1982. V. 115. P. 156-168. (English transl.: J. Sov. Math. 1985. V. 28. P. 726-734)
38. *Nazarov S.A.* Regular degeneration of elliptic systems with a small parameter multiplying the highest derivatives // Vestnik Leningrad Univ. 1982. N 3. P. 106-108. (Russian)
39. *Nazarov S.A., Slutskii A.S.* One property of the solutions of nonlinear equilibrium equations near singularities // Izv. Vyssh. Uchebn. Zaved. Mat. 1982. N 9. P. 36-39. (English transl.: Sov. Math. 1982. V. 26, N 9. P. 48-52)
40. *Maz'ya V.G., Nazarov S.A., Plamenevskii B.A.* On homogeneous solution of the Dirichlet problem in the exterior of a slender cone // Dokl. Akad. Nauk SSSR. 1982. V. 266, N 2. P. 281-284. (English transl.: Sov. Math. Dokl. 1982. V. 26. P. 320-323)
41. *Arutyunyan N.Kh., Nazarov S.A., Shoikhet B.A.* Bounds and the asymptote of the stress-strain state of a three-dimensional body with a crack in elasticity theory and creep theory // Dokl. Akad. Nauk SSSR. 1982. V. 266, N 6. P. 1365-1369. (English transl.: Sov. Phys. Dokl. 1982. V. 27. P. 817-819)
42. *Nazarov S.A., Romashev Yu.A.* Variation of the intensity factor under rupture of the ligament between two collinear cracks // Izv. Akad. Nauk Armenian SSR. Mekh. 1982. N 4. P. 30-40. (Russian)

43. *Nazarov S.A.* Asymptotics of solutions to elliptic equations in thin domains with piecewise smooth boundaries // *Differentsial'nye Uravnenia i ih Primenen.* N 33. Vilnius: Lith. Acad. Sci. 1982. P. 62-83. (Russian)
44. *Dudnikov V.A., Nazarov S.A.* Asymptotically exact equations of thin plates based on the Cosserat theory // *Trudy Tbilis. Univ.* 1982. V. 232/233. P. 117-150. (Russian)
45. *Nazarov S.A., Shoikhet B.A.* Asymptotic behavior of the solution of a certain integro-differential equation near an angular point of the boundary // *Mat. Zametki.* 1983. V. 33, N 4. P. 583-594. (English transl.: *Math. Notes.* 1983. V. 33. P. 300-306)
46. *Arutyunyan N.Kh., Nazarov S.A.* On singularities of the stress function at the corner points of the transverse cross-section of a twisted bar with a thin reinforcing layer // *Prikl. Mat. Mekh.* 1983. V. 47, N 1. P. 122-132. (English transl.: *J. Appl. Math. Mech.* 1984. V. 47. P. 94-103)
47. *Zhuravlev V.P., Nazarov S.A., Shoikhet B.A.* Asymptotics near the tip of a crack of the state of stress and strain of inhomogeneously aging bodies // *Prikl. Mat. Mekh.* 1983. V. 47. N 2. P. 200-208. (English transl.: *J. Appl. Math. Mech.* 1984. V. 47. P. 162-170)
